

LEADERS IN INVESTING

The United Way of Ventura County's Leadership Giving Societies were established to recognize individuals who have exceeded the average giving level in our community by making a substantial annual contribution of \$1,000 or more to the United Way of Ventura County. Membership is both an opportunity to affirm leadership and commitment to community and to join with others to make a significant and lasting impact. This statement of generosity inspires others to do the same.

We gratefully acknowledge our 2015/2016 Tocqueville Society, Gold Feather Society, Silver Feather Society, Red Feather Society, Women United (formerly Women's Leadership Council) leadership, and all of the Anonymous Donors in each society. Through your generous expression of caring, you have set an example for our entire community. **Thank you for being a leader and showing that change begins with each of us.**
