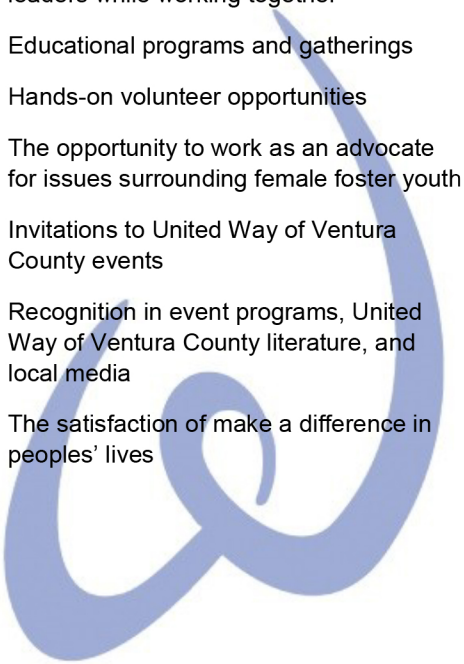
Member Benefits

The Women United affinity group is a part of a national movement. Over 155 United Ways across the country have Women's United program's that engage more than 70,000 individual's in solving their community's most pressing problems. The national goals are to develop a powerful voice for individuals in philanthropy to become an engine for growth.

Women United recognizes and highlights the positive impact individuals have on economic and quality of life issues in our community. Member benefits include:

- Opportunities to network with other leaders while working together
- Educational programs and gatherings
- Hands-on volunteer opportunities
- The opportunity to work as an advocate for issues surrounding female foster youth
- Invitations to United Way of Ventura County events
- Recognition in event programs, United Way of Ventura County literature, and local media
- The satisfaction of make a difference in peoples' lives



"Through strategic partnerships Women United will identify qualified candidates, engage with partners to facilitate impact, and execute initiatives for Ventura County single mothers of need, and dedicated to improving their lives."
