EFSP Phase 35 Application for Funding Ventura County

About EFSP

The Emergency Food and Shelter National Board Program was created in 1983 to supplement the work of local social service organizations within the United States, both private and governmental, to help people in need of **emergency assistance**. EFSP funding is to be provided without discrimination due to age, race, gender, religion, national origin, disability, economic status, sexual orientation, or marital status. It is understood that verification of proof of citizenship or qualified alien status of any applicant or applicant's family member *is not required* in order to receive EFSP funding.
